

New Year Reception in Duesseldorf

This year TRANSEARCH International opened its fifth office in Germany, located in Duesseldorf. For this occasion the team is happy to arrange a New Year Reception on 22. January 2007. This will be an opportunity for executives to get to know the team in a relaxed atmosphere with local gastronomic specialities, to socialize and network with Managers of different branches. The guests will find rich chances for interesting and inspiring conversations, accompanied by discreet background music. Together we clink glasses for a successful year 2007.

The TRANSEARCH International Deutschland Team is happy to take the opportunity to wish all its clients and business partners a Merry Christmas and a Happy New Year, we're looking forward to working with you in 2007 as successful as we did this year.
