### Local proximity meets global reach

TRANSEARCH International is one of the world's leading executive search companies with European roots. Its activities focus on recruiting highly qualified candidates for management posts. With a staff of more than 600, 50 of whom are located in Germany, TRANSEARCH International ranks as one of the Top 10 worldwide. The company is represented in all important business centres with over 60 offices in 40 countries.

The German headquarters are located in Stuttgart. Four other offices are sited in Hamburg, Duesseldorf, Frankfurt and Munich. Regional expertise combines with global presence to guarantee optimum customer support. Recruitment in the middle management sector is taken care of by the company subsidiary, artec Personalberatung GmbH.

### Cutting edge method

Executive search standards are redefined worldwide by the practically based, well-founded TRANSEARCH Orxestra Method. TRANSEARCH uses it to ensure that executives are well-matched to the respective corporate culture, remit and team for which they have been selected. High placement and stick rates set the benchmark in executive search.

### Transparency and quality

As a member of the AESC (Association of Executive Search Consultants) TRANSEARCH is committed to satisfying the highest international quality standards.

This includes the guarantee of exclusivity, absolute confidentiality, consistent scheduling and regular reporting.
